

Highlighting your superiority

Presentation
Solutions

WE ARE IMMERCITY

We develop unique
multimedia solutions
to highlight your superiority

ECOLOGY OF ENERGY SYSTEMS

When you need
to present products,
services or advantages
– you need Immercity

WHY

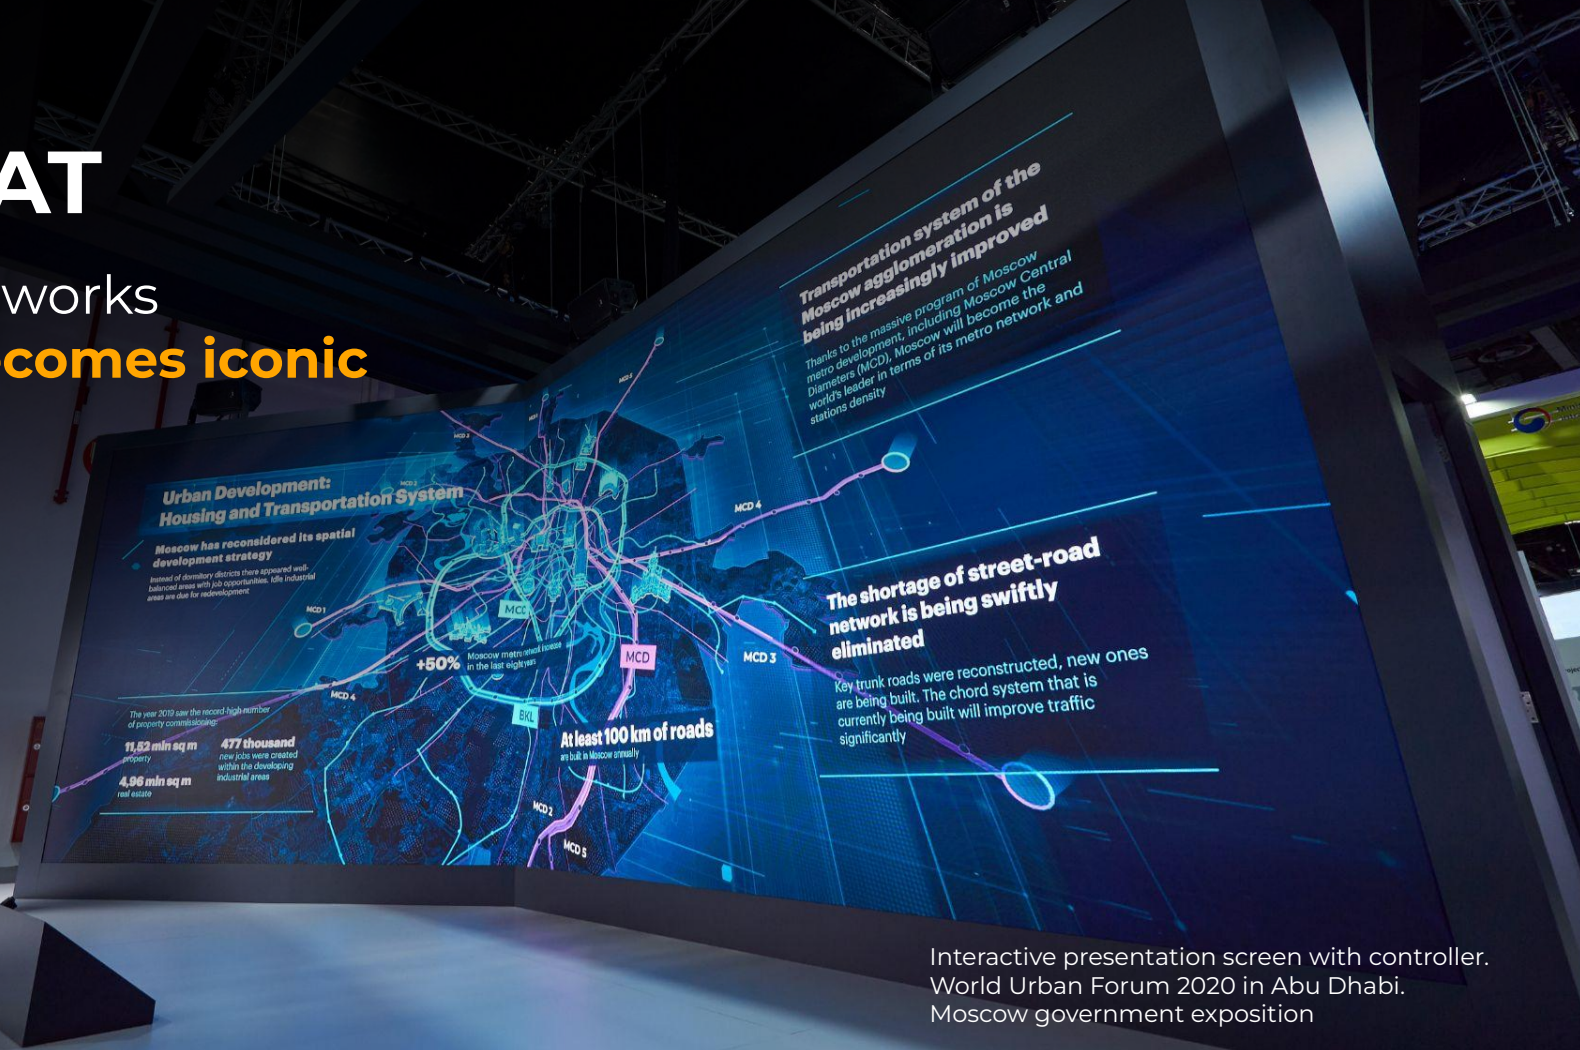

We are here to create
once-in-a-lifetime experiences
for your clients

Let them feel
and see your best
with our spectacular
solutions

WHAT

How it works
and **becomes iconic**

Interactive presentation screen with controller.

SCALE

You are welcome with any task and any scale.
From concept to installation,
we can make **standout solutions**

Concept

**Multimedia
presentation**

Installation

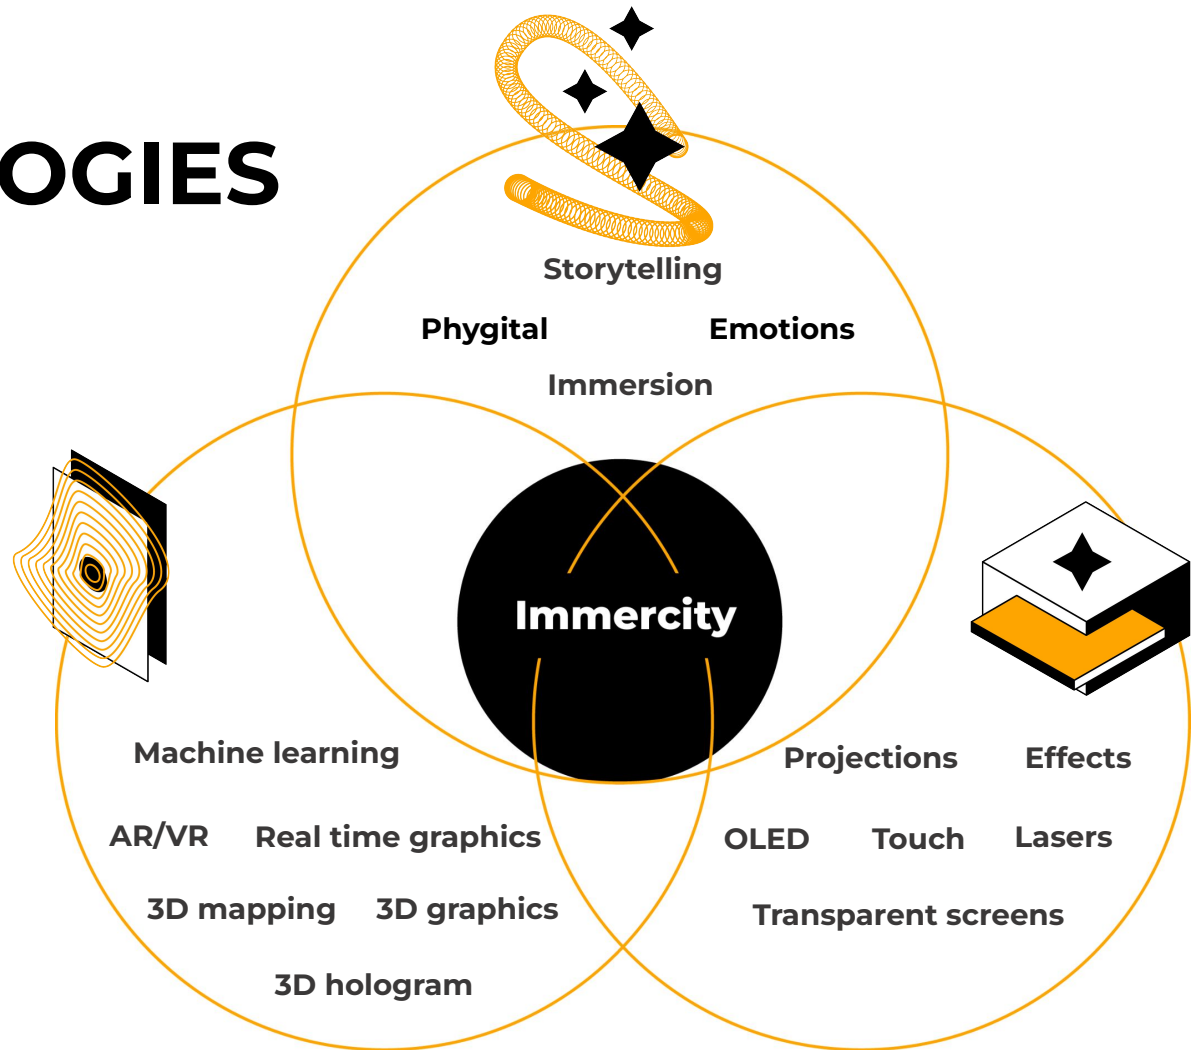

BTL stand

Exposition

**Showroom/
Exhibition**

TECHNOLOGIES

We turn near-future technologies and world's leading innovations into **your partners for success**

VALUE

We dive into
your task's depth
to get the pearl
of the essence

So you get a gem that
you can show over
and over again.
9 of 10 of our multimedia
solutions are reusable

Full CG visual content

A stylized orange bridge structure with two vertical pillars and a curved top, spanning across the top of the page. The pillars are thick and rectangular, and the bridge deck is a thin line. The background is white.

Use Immercity's foundation as a **bridge**
to the extraordinary level

150 clients

12 years of developing
projects worldwide

One **great team** of experts, talents
and top-professionals: creators, inventors,
IT-developers, designers, engineers, etc.

ДЕФЕКТОСКОП

Комбинированный магнитно-ультразвуковой

Позволяет за один прием контролировать все параметры, как
и ультразвуковой дефектоскоп, и магнитный дефектоскоп. Это
позволяет ускорить процесс контроля и повысить его качество.
